

UP-897MD

Black & White
A6 Video Graphic Printer

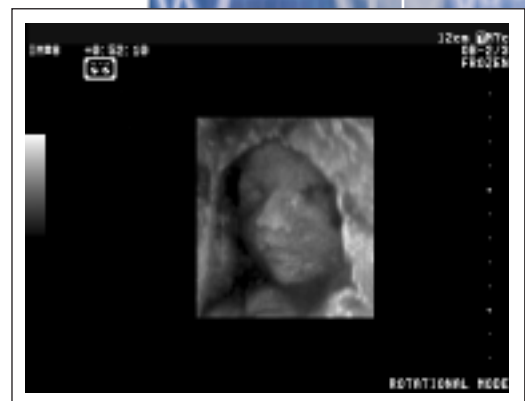

The Sony UP-897MD black and white video graphic printer is designed specifically for use with medical diagnostic equipment, such as ultrasound systems. The UP-897MD packs power in a small chassis. High quality, photo-like prints are output in just approximately 2.0 seconds. The UP-897MD is extremely small and light weight. For additional convenience the UP-897MD adds a jog dial to the front panel for easy operation.

UP-897MD

- Ideal for ultrasound printing
- High quality, photo-like prints in approximately 2 seconds
- Smaller and lighter by 12% compared to the 895 series printer
- Uses the same media as the UP-895 series printers: UPP-110S/5, UPP-110HD, UPP-110HG
- User-friendly controls on front panel with addition of jog dial
